- 20+ projects completed in automotive and industrial sectors
- €500M total budgets managed
- Teams up to 300 members managed successfully

Awarded by Mercedes-Benz in 2023 for Exceptional Project Management on AMG GT 4-Door Coupe production relocation

Our professionals hold IPMA Level C certification, demonstrating proven competence in managing complex projects

OUR COMPANY

KLECO Solutions helps companies deliver projects from planning to completion. We focus on clear governance, risk control, and transparent communication and reporting. Our approach ensures that every project meets deadlines, stays within budget, and achieves quality targets. With certified project managers and strong experience in manufacturing and industrialization, we make complex projects transparent and predictable.

HOW WE DELIVER

1**KICKOFF AND PLANNING**

Define project scope, align stakeholders, and plan resources.

2**PMO SETUP AND GOVERNANCE**

Create structure, processes, and reporting routines.

3**PROJECT QUALITY AND RISK CONTROL**

Monitor and control risks according to predictive model and keep the project on track.

4**PERFORMANCE AND REPORTING**

Use KPIs and clear reports for transparency at all levels.

OUR EXPERTISE

We set up project structures that work. This includes a project organization with clear roles, decision-making routines, processes, methodologies and tools that keep everyone aligned. We connect stakeholders and teams so that information flows and decisions are made quickly. Our dashboards show real progress and help leaders act on facts, not assumptions.

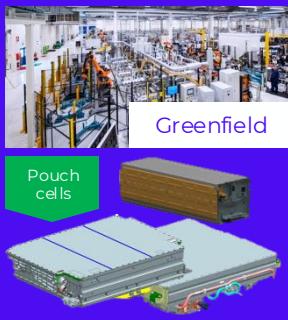

WHY KLECO SOLUTIONS?

We combine project leadership, practical experience from industry field, and a pilot-first approach. You only invest when value is proven. We have delivered projects across borders and cultures, always focusing on clear communication and strong execution.

BENEFITS

- Reduced project delays and cost overruns
- Improved stakeholder communication and transparency
- Enhanced risk visibility and mitigation
- Faster time-to-market for new products
